SAFETY MEASURES FOR ON-SITE COUNSELING

To Our Valued Clients/Parents:

We want you to know that **your health and safety, as well as the health and safety of our employees**, are of the utmost importance to us.

Due to the high number of COVID-19 cases and COVID-related hospitalizations and deaths in our community, we are re-implementing the following safety measures:

- We are requiring all clients, parents and guardians to wear face masks when in the building.
- We are only allowing symptom-free clients in the building at their scheduled time. You will be asked a series of wellness questions & upon entering the building your temperature will be taken.
- If you have come into contact with someone who has been diagnosed with COVID-19 or have any current symptom of COVID-19, please return home and call to schedule a telehealth session or reschedule your appointment until your quarantine has been completed.
- All employees, even those not interfacing directly with clients, will wear face masks, regularly disinfect surfaces, practice frequent hand washing and maintain social distancing while in hallways & common areas.
- Warm Springs Counseling Center will provide hand sanitizer at the entrance of the building and on every floor for your safety.
- Please practice social distancing when possible.

We appreciate your patience and understanding as we strive to care for our clients, their families, and our community of employees.
